**April 23, 2022**

The Honorable Rosa DeLauro  
Chair  
House Committee on Appropriations  
H-307 The Capitol  
Washington DC 20515

The Honorable Kay Granger  
Ranking Member  
House Committee on Appropriations  
1036 Longworth House Office Building  
Washington, DC 20515

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for Lauderdale in the fiscal year 2023. The entity to receive funding for this project is Figgers Tablets for Telemedicine, located at 3810 Inverrary Blvd., Suite 401, Lauderdale FL, 33319.

The funding would support the manufacture and distribution of 15,000 enhanced telehealth-enabled tablet computers to low-income senior citizens, particularly senior veterans, and families of children with disabilities in Florida's 20th United States Congressional District.

The tablets will be FQHC telehealth compatible and can be configured to an individual patient's personal physician or will link to a pool of available doctors within two minutes of a patient's request. Each tablet will have enhanced talk-to-text, inverted screens, audio controls to aid navigation, oversized buttons to allow for use by patients with limited eyesight and/or small-motor acuity, and durability to withstand dropping.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Congresswoman Sheila Cherfilus-McCormick (FL-20)  
Member of Congress
